Dear Sir

I am writing this first of all to order your book: POST MORTEM, A copy of which I now have in my possession but one which I must return to the library in a shorter time then it would comfortably take me to read it.. I have read two other books by you, "NEVER AGAIN; and "WHITEWASH' and I must say ,my feelings are of shock and disgust at my Government, the FBI, and any of the other organizations involved in that terrible charade.

I appreciate all the time, effort and money spent by you in this effort, however. I feel that at least up until this moment it appears to be in vain and that indeed would be a monumental tragedy. You are truly an American Hero.

I am enclosing Twenty dollars for the book, would that I could send a lot more, for I truly believe your efforts deserve so much more. If that does not cover the cost please notify me and I will send you the balance immediately.

With great respect and admiration
Ron St Pierre
